Dear Mike,

Thanks for your 5/1 and the enclosures, one real and one <u>really</u> unreal!

You are welcome if when you come I'm free.

The is a replaced page of a new book that as yet has no home.

I hope to be busy on it but as of now do not know that I will be.

And from time, in addition to the frequent medical appointments, there are things that I must do.

The only medical appointments I now have that will take me out of town, and that alone tires me, are the end of the month.

If you make your visit coincide with lunch, that will economize on time a bit.

Please remember also that because I cannot help getting up early I try to retire by 7.

I do appreciate the kind things you said.

Sincerely,

Harold Weisberg
